Offer Letter

To **Kumar Adarsh**

Congratulations! This letter confirms that you have been offered a **6-month internship** as a **Software Developer** at Nighwan Technology Private Limited. Your position will begin on **02, Feb 2026**. During this period, you will be required to complete the assigned tasks as per the set timelines, report to Mr. Sandeep Kumar, and visit the office from Monday to Saturday between 10:00 AM and 6:00 PM at the 9th Floor, Biscomaun Bhavan, West Gandhi Maidan, Patna, Bihar. We consider you a valuable addition to our organization and look forward to your engagement with Nighwan Technology Private Limited. Please note that the internship will be non-stipendiary for the first 3 months; however, based on your performance evaluation, you may be eligible to receive a stipend of ₹7,000 per month for the remaining duration of the internship.

Nighwan Technology Private Limited (CIN:- U72900BR2020PTC048310) is a private limited company incorporated with the Ministry of Corporate Affairs, Indian Govt. We are a start-up organization with a vision for Software designing, development, and customization, targeted at revolutionizing and transforming Healthcare, Education, Retail, E-commerce, Financial markets, and Agriculture sectors.

Enclosed with this letter, please find Annexure 1 containing the standard terms and conditions along with Project Details and responsibilities.

Yours sincerely,

Sincerely, on behalf of Nighwan Technology Private Limited

Sandeep Kumar

Sandeep Kumar
CEO cum Director

Annexure 1

Project Details: Software Developer Internship

Nighwan Nighwan Technology Private Limited offers a dynamic and innovative ecosystem for software development, focusing on cutting-edge solutions across multiple domains. Our integrated suite of software products includes:

- **Human Resource Management System (HRMS) with Job Portal** – A complete HR solution that streamlines recruitment, employee management, and payroll processing while offering an intelligent job portal for seamless hiring and onboarding.
- **B2B E-commerce Platform** – A powerful marketplace that connects businesses, enabling seamless transactions, inventory management, and real-time analytics.
- **Learning Management System (LMS) with Moodle** – A robust e-learning platform designed for online training, course management, and interactive learning experiences, integrated with a modern front-end built using React.js and React Native.

Our solutions leverage the latest technologies, automation, and analytics to enhance business efficiency and decision-making.

Your Role & Responsibilities:

As a Software Developer Intern, you will contribute to the development of our web-based applications for 40 hours per week from our Hyderabad office, reporting daily to your manager. Your key responsibilities include:

- Designing and developing the UI for the Admin Panel and web applications of our HRMS, Job Portal, B2B E-commerce Platform, and Learning Management System (LMS).
- Writing clean, efficient, and maintainable code to enhance the user experience and functionality of our platforms.
- Collaborating with cross-functional teams to implement best practices in UI/UX design and responsive web development.
- Debugging and resolving technical issues to ensure optimal system performance.

Technologies You Will Work With:

- Frontend Development: Angular, React.js, React Native, HTML, CSS, Bootstrap
- Programming & Scripting: JavaScript
- LMS Integration: Moodle

Terms and Conditions:

Confidential Information: You are required to maintain strict confidentiality regarding any proprietary information obtained during your tenure at Nighwan Technology Private Limited. This includes refraining from sharing, disclosing, or using any internal data, intellectual assets, or trade secrets with third parties or competitors. Confidential Information includes but is not limited to business strategies, product details, code repositories, client databases, and internal communications. Any unauthorized use or distribution of such information is strictly prohibited.

Intellectual Property Rights: Any intellectual property, software code, or technological development created during your internship will be solely owned by Nighwan Technology Private Limited. By accepting this role, you agree to transfer any rights, present or future, to the organization, ensuring complete ownership and unrestricted use of the developed solutions by Nighwan Technology. Intellectual Property includes patents, copyrights, trade secrets, proprietary algorithms, and any other form of innovation or original work.

Position Supplementation: This internship role is created to supplement our existing workforce and does not replace or replicate any existing or vacant positions within Nighwan Technology Private Limited. The experience gained through this opportunity will provide valuable exposure to real-world projects and industry best practices.

We look forward to your contribution in shaping the future of our enterprise solutions.

I _____ agree to the above terms and conditions.
